112

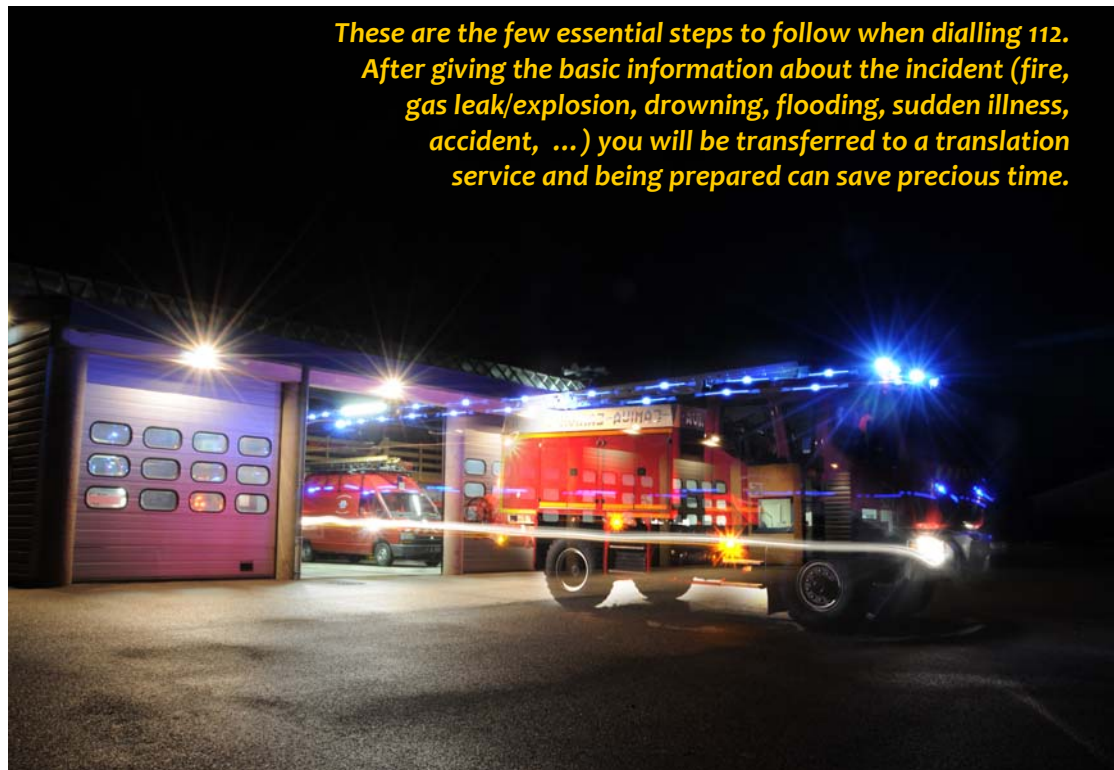

In Case of Emergency

Keep calm and speak clearly

Read this leaflet it could save a life

These are the few essential steps to follow when dialling 112. After giving the basic information about the incident (fire, gas leak/explosion, drowning, flooding, sudden illness, accident, ...) you will be transferred to a translation service and being prepared can save precious time.

Sur une initiative du Pays de Gâtine

En collaboration avec le SDIS79

Avec le soutien de la Préfecture des Deux-Sèvres
